CEFood2022, Slovenia

The CEFood Journey started in millennium year, as an idea.

- The first step was done in 2002. After 10 steps we made 11th again in Slovenia.
- The path from Ljubljana went to Hungary, continued to Bulgaria, and then to Croatia, from where entered Slovakia, and followed to Serbia, and extended to the neighboring N. Macedonia, and jumped to the east, to Ukraine, to be able to stop in Romania on the way to Bosnia and Herzegovina and back to Slovenia to be able to close first West East circle after 20 years.
- Now we drove the second coil. Hungary is on move again....
